HVAC-R MEETINGS 2018

NOVEMBER 7- 8, 2018
LYON / FRANCE
ESPACE TÊTE D'OR

The HVAC-R (Heating, Ventilation and Air-Conditioning and Refrigeration) sectors are a set of technical fields comprising the chartered activities dealing with aerualic comfort. They are part of our daily lives and apply to all types of buildings (housing, tertiary, industrial). They are also found in our transport modes.

The need for comfort and safety will be more and more important in the coming years and the HVAC-R players will be more and more solicited.

However, in a context of strong development in the Building & Construction industry in particular, the increasing use of HVAC-R solutions will generate negative side-effects (on energy consumption and greenhouse gases emission). It is timely to bring together the successful players in this field around projects-solutions-innovations.

Our company **abe**, specialized in events organization, is convinced that a «traditional trade show» approach is no longer sufficient to meet these challenges.

HVAC-R Meetings is a business meeting event located in the heart of the Auvergne-Rhône Alpes region, a European crossroads. This region has both a solid industrial base and a large service sector.

The region is attractive and the scope of this event exceeds this territorial area of excellence. HVAC-R is developing everywhere in Europe and beyond, particularly in Africa. There will be more energy consumption (currently not stored), a hunt for energy wastage and still volatility of raw material prices. Services in the field of energy and HVAC-R will make the difference tomorrow!

HVAC-R Meetings 2018 is a customized event which prioritizes quality and personal approach: **relevant, targeted and efficient meetings that will save you time.**

Our exclusive meetings organization between suppliers and buyers, along with **the business convention methodology guarantees high-added value meetings.**

BUSINESS CONVENTION HOW DOES IT WORK?

-  **01** Fill out a **short form** and provide us with capabilities, applications and needs.
-  **02** Access **detailed profiles** of all the attendees from our online catalogue (3 weeks prior to the event).
-  **03** Identify and request **meetings** with relevant contacts through our user friendly program.
-  **04** Go online and consult **your individual schedule of pre-planned meetings** with the contacts of your choice.

CONFERENCES (15 conferences during 2 days for HVAC-R Meetings):

Put together and geared toward the subjects that you have passed on to us, the conferences are presented by professionals (both suppliers and decision makers) and aim to help you polish up on important subjects and to exchange with your counterparts.

Would you like to share your experience with your counterparts? Please Contact: : +33 (0)1 41 86 49 37 - odahbi@advbe.com
